## EQUINE FOSTER APPLICATION

Horses Without Humans Rescue Organization (HWH) requires that this application be completed in full and submitted prior to approval of fostering of any equine. Submission of an application does not guarantee fostering of any animal to any person regardless of the date of submission, previous conversations with HWH staff or representatives, or previous knowledge of the animal. HWH reserves the right to place animals in its care into foster homes in its sole and absolute discretion. The foster application is a part of the foster process. Additional steps may be required for approval. All fosters must be 18 years of age or older. It is understood that adults may wish to foster for persons under the age of 18. If the foster is approved, the adult will be fully responsible for care of the fostered equine.

***Providing false information will result in a denial of the application and any future foster applications.***

Please return the completed application via postal mail or email to the above address, or bring it with you to your appointment
